

Safety Data Sheet

Product Name: Soft Blend

Garment Care Australia | ABN 97 701 288 913 | 370 Thompson Road, North Geelong VIC 3215
0401 441 713 | admin@garmentcare.com.au

Administrative details and branding updated only. Technical and safety content retained from the supplied SDS/MSDS.

1 SOFT BLEND

5.3 Advice for fire-fighters: Fire fighters should wear a positive-pressure self-contained breathing apparatus (SCBA) and protective fire fighting clothing (includes fire fighting helmet, coat, trousers, boots and gloves). Clear fire area of all non-emergency personnel. Stay upwind. Keep out of low areas. Dispose of contaminated fire fighting water in accordance with official regulations. 5.4 Additional information:

Product is non-flammable, non combustible under normal conditions of use and storage. Hazchem code: N/A

6.0 ACCIDENTAL RELEASE MEASURES | 6.1 Personal precautions, protective equipment and emergency procedures: Personnel involved in the clean up should wear full protective clothing. Eliminate all sources of ignition. Evacuate all unnecessary personnel. Increase ventilation. Stop leak if safe to do so. Do NOT let product reach drains or waterways. 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water. 6.3 Methods and material for containment and cleaning up: Contain spill to prevent contamination of drains/water ways. Use inert absorbent material such as sand or earth. Collect and seal in properly labelled containers for disposal in accordance with local regulations. 7.0 HANDLING AND STORAGE 7.1 Precautions for safe handling: Advice on safe handling: Ensure an eye bath and normal washroom facilities are available and ready for use. Observe good personal hygiene practices and recommended procedures. Wash thoroughly after handling. Avoid contact with eyes, skin and clothing. Avoid inhalation of fumes/mist/sprays/aerosols/vapours. Wear appropriate protective equipment to prevent inhalation, skin and eye contact. Use in a well ventilated area. Advice on protection against fire and explosion: No special protective measures against fire required. Product is non-flammable, non-combustible under normal conditions of use and storage. 7.2 Conditions for safe storage: (including any incompatibilities) Technical measures and storage conditions: Store in a cool, dry, well ventilated area (avoid temperatures above 30QC). Keep containers tightly closed when not in use. Inspect regularly for deficiencies such as damage or leaks. Protect against physical damage. Store in clearly labelled containers away from incompatible materials. Packaging materials: Store in original packaging as approved by manufacturer. Classification for storage: N/A

8.0 EXPOSURE CONTROLS/PERSONAL PROTECTION I

8.1 Control parameters: 8.1.1 Occupational exposure limits: No exposure standard has been established for this product by Safe Work Australia (formerly ASCC). The product does not contain any relevant quantities of materials with critical values that have to be monitored in the workplace. 8.1.2 Biological limit values: As per the National Model Regulations for the Control of Workplace Hazardous Substances [NOHSC:1 005(1994)] the ingredients in this material do not have a Biological Limit allocated.

A GARMENT CARE

SOFT BLEND 8.2 Exposure controls: 8.2.1 Appropriate engineering controls: A system of local and/or general exhaust is recommended to keep employee exposures as low as possible. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area. 8.2.2 Personal protection: RESPIRATOR: Normally not required. Wear an effective organic vapour respirator where mists/aerosols/fumes/vapours are generated and engineering controls are inadequate (AS171 5/1 716). EYES: Safety glasses with side shields (AS 1 336/ 1337). HANDS: Wear impervious gloves (AS2161). CLOTHING: Long-sleeved protective clothing and safety footwear (AS3765/221 0). 8.2.3 Environmental exposure controls: N/A

4ND CHEMICAL PROPERTIES 1 Appearance / Odour Light blue liquid / Lemon odour pH 4.0 - 7.0 (Neat) Viscosity Not determined. Pourable

Vapour Pressure Not determined

Vapour Density Not determined

Boiling Point/Range oC Approx 100 Melting Point oC Not determined

Solubility in Water Soluble

Specific Gravity gm/cm³ Approx 0.97-1.1 g/cm³ (water = 1 @20oC). Flash Point oC Not applicable. Decomposition Temperature oC Not determined

Ignition Temperature °C Not determined

STABILITY AND REACTIVITY 10.1 Reactivity: 10.2 Chemical stability: Product is stable under normal conditions of use, storage and temperature. 10.3 Possibility of hazardous reactions: Not self igniting or an explosion hazard. Hazardous polymerization will not occur. 10.4 Conditions to avoid:

Avoid excessive heat, direct sunlight, moisture, temperature extremes. Food and drinks. 10.5 Incompatible materials: Anionic materials that may cause product to precipitate. 10.6 Hazardous decomposition products: No decomposition if used according to recommendations. Stable under normal conditions. On burning, may produce oxides of carbon. Other toxic vapours cannot be excluded.

4toxicological INFORMATION I Information on toxicological effects: Acute toxicity: Oral LD50: (Rat) >5000 mg/kg (calculated from parent ingredients and mixture rules).

A k [1

j 7

?

SOFT BLEND Dermal LD50: (Rabbit) >2000 mg/kg body weight (calculated from parent ingredients and mixture rules). Eye irritation: May cause temporary mild eye irritation. Inhalation LC50: No data available. Not known to cause irritation.

Routes of exposure: If swallowed: Product is considered to be of low oral toxicity. Ingestion of large amounts may cause gastrointestinal disturbances. If in eyes: Not known to be an eye irritant. May cause temporary irritation in some individuals. If on skin: Not known to be a skin irritant. If inhaled: Inhalation of vapours is unlikely to occur, but is not known to cause irritation. Sensitisation: Not known to cause skin or respiratory sensitisation. CMR: (carcinogenicity, mutagenicity and toxicity for reproduction) Not applicable. Additional toxicological information: When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us. 12.0 ECOLOGICAL INFORMATION 12.1 Aquatic Toxicity: Fish toxicity: LC50 >100mg/l (Data from similar products). Crustacean toxicity: LC50 >100mg/l (Data from similar products). Algaetoxicity: EC50>100mg/l(Data from similar products). 12.2 Persistence and degradability: No data available. Product is considered to be inherently biodegradable. 12.3 Bioaccumulative potential: No data available. Product is not considered to be bioaccumulative. 12.4 Mobility in soil: No data available. Product is however soluble in water. 12.5 Results of PBT and vPvB assessment:

Substance does not meet the criteria for PBT or vPvB according to Regulation (EC) No 1273/2006 Annex VIII. 12.6 Other adverse effects: Not known.

12.7 Additional ecological information: Do not allow product to reach ground water, water course or sewage system.

13.0 DISPOSAL CONSIDERATIONS 13.1 Waste treatment methods: Dispose of in accordance with local, state and federal regulations at an approved facility. Containers:

Dispose as hazardous waste in accordance with official regulations at an approved waste facility. 14.0 TRANSPORT INFORMATION 14.1 Not classified as a Dangerous Good by the Australian Code for Transport of Dangerous Goods by road or rail, ADR/RID, IMDG or ICAO/IATA-DGR. Not classified as Dangerous Goods According to NZS 5433:1999. UN-Number: N/A

UN proper shipping name: N/A

Transport hazard class(es) N/A

A GARMENT CARE

SOFT BLEND Subsidiary risk: N/A

Packing group: N/A

Environmental hazards: Not a marine pollutant. EmS: N/A

Special precautions for user: N/A

Transport diamond: N/A 15.0 REGULATORY INFORMATION 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture Australia:

Non hazardous according to (SWAC) Safe Work Australia Council. All components listed on AICS (Australian Inventory of Chemical Substances) EPG: N/A Australian Poisons Schedule: N/A AICS Name: N/A (mixture) New Zealand:

Non hazardous according to Chemical Classification and Information Database (CCID New Zealand). All components listed on New Zealand Inventory of Chemicals (NZIoC) ERMA Approval Code: N/A New Zealand HSNO Classification: N/A New Zealand Toxic Substance - N/A

Europe: All components listed on EINECS Non hazardous according to Annex I European Directive 67/548/EEC Index Number N/A (Mixture) EINECS Number N/A (mixture) Water hazard class: Water Hazard Class WGK1 - non hazardous. Other: ICSC Number: N/A

15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16.0 OTHER INFORMATION 16.1 Abbreviations and acronyms: AS - Australian Standard. ADI - Acceptable Daily Intake. ADR - European Agreement Concerning the International Carriage of Dangerous Goods by Road. APVMA - Agricultural Pesticides and Veterinary Medicines Authority. ASCC - Australian Safety and Compensation Council (Formerly Work Safe Australia) CAS # - Chemical Abstracts Service Number (or CAS Registry Number; CAS RN). EC - European Commission. EmS - Emergency Schedules EPA - Environmental Protection Agency EPG - Emergency Procedure Guide.

Date of MSDS preparation: 18/09/2018 Edition/Revision Edition 1 , Revision 3 Document Name: Soft Blend-msds

This MSDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace, including /n conjunction with other products.
